**MY FAVORITE THING AT
CAMP WAS...**

"My favorite part of
Camp La-No-Che is that you
can always build yourself a new
Adventure with the opportunities
to meet new people and enjoy
all of the activities; from zip
lining to swimming at Lake
Norris."

Event Honoree

Will Hollis is a fifth generation Floridian, born in Lakeland, Florida and grew up in Babson Park, Florida. Volunteering started at a young age for Will when he joined Operation Smile in middle school, then while in high school, he participated in a medical mission trip with the same organization. A trip that was life changing and humbling for Will, at the age of 17. He moved to DeLand in 2009 when he enrolled in Stetson University, his grandfather's and many other family members' alma mater.

While at Stetson, Will took a semester off to partake in an Outward-Bound Leadership Semester in Costa Rica where he acquired various certifications related to Search and Rescue such as Wilderness First Responder, White Water Rescue, and Open Water Rescue, among others. When he came back to Stetson, he became involved in volunteer K9 Search and Rescue through the Florida Association of Search and Rescue which led him to find a position at Southern Coast K9, training police and military K9s in narcotics and explosives detection. While at Stetson, Will met his soon to be wife, Emily Perryman, a fellow Stetson Alumni and DeLand native.

After Graduating from Stetson, Will joined with Harper Hill and created Hill and Hollis Enterprises. During this time, Will joined The Rotary Club of DeLand, where in his first year was named, "Rookie of the Year". He was then elected to the board of directors the following year. Will also served as a board member of Discover DeLand, and a council member for the City of DeLand's Economic Development Council. After a few years, Hill & Hollis Enterprises was sold so each could explore new adventures. Several years later, Will and his fiancée, Emily, moved to Colorado to attend The Redocks School of Fine Woodworking for a little over a year.

Will and Emily married and moved back to DeLand, where they started Hollis House Woodworking & Design, making custom furniture together as well as Silloh Development, a land clearing company that would allow Will to deploy his resources for disaster relief after hurricanes. In the aftermath of hurricane Michael, Will went to the panhandle where he and a team of volunteer search and rescue professionals cleared roads for the Callaway Fire Department. Will was able to upcycle much of the wood from downed trees and bring them home to mill in their woodshop and turn into furniture. It's worth noting that 25% of the proceeds from any of the "Hurricane Lines" of furniture is donated to local non-profits and disaster relief efforts in the affected areas where the lumber was sustainably harvested from. Will was also instrumental in getting relief goods to the Bahamas after Hurricane Dorian. Today, Will continues to serve on the board of directors for The Rotary Club of DeLand, Conservation Florida, and serves on the Executive Board of Directors for The Neighborhood Center of West Volusia.

Will and his wife Emily enjoy hiking and camping all over the United States but feel especially close to the local state parks, W.M.A.'s, and National Forrest's that many of us know and love. Will remains active in community involvement and looks forward to growing with the City of DeLand and raising a family here.
